RE: Reclamation and Vein  
Closure Project  
ACT/047/010B  
Uintah County, Utah

Dear Mr. Fyock:

With regard to your letter of August 29, 1983 and further clarification of American Gilsonite's voluntary reclamation and vein closure project, the Division understands that this is only a proposal which is still under consideration by Chevron Resources. Also, your understanding relative to my statement of responsibility is correct.

Again, we appreciate Chevron's efforts and cooperation with the Division regarding responsible development and protection of the State's resources.

Sincerely,

JAMES W. SMITH, JR.
